

DORMITORY/ PRIVATE HOUSING

When searching for housing, the students should contact us at iro.incoming@ibu.edu.mk

IBU does not offer its own dormitories, however, by emailing us, you can receive information regarding the currently available dormitory options which are close to the university.

If students wish to stay in a private flat/house, they have the freedom to find it themselves. Email us to find out about some of the Macedonian internet bases for house searching and more information regarding private accommodation. Our Student Mentors, which will be appointed to you closer to your arrival date can assist you in contacting the landlords.
